Eat, Drink, & Be Merry Dean Edell,David Schrieberg,2000-05-16 No wonder. How often have you felt whipsawed by the experts, confused by conflicting advice, or torn with guilt over what you eat, drink, think? Prepare yourself for a shock: You can relax, enjoy life, and still be healthy. Renowned for candid straight talk on radio and television, Dr. Dean Edell applies his unique common-sense perspective to America's growing obsession with health. Frank and iconoclastic, Dr. Edell walks readers through a lifetime of experience from deep inside twin worlds of media and medicine. As one of the first media doctors, he knows better than anyone the dangers of distorted medical reporting. With colorful detail, he shows how medical consumers are made neurotic at a time when people are healthier than ever before. Dr. Edell sorts through the morass of research, distinguishing documentable fact from panic-inducing fiction. With trademark humor, grace, and style, he shares with us the essential reassuring facts about our health: you can be fatter than you think; too much exercise might kill you; and yes, sex will add years to your life! Did You Know That... People who crave ice chips may have a nutritional deficiency? Saturated fat may reduce the risk of stroke? Dementia appears to be less common among those who eat more fish? You can lose weight by fidgeting, chewing on a pencil, or drinking coffee? Sex can cure headaches? Playing an instrument is not only good for your mental health, it burns 160 calories an hour?

Eat, Drink, and be Merry (Luke 12:19) Leslie Brubaker,Kallirroe Linardou,2007 This volume brings together a group of scholars to consider the rituals of eating together in the Byzantine world, the material culture of Byzantine food and wine consumption, and the transport and exchange of agricultural products. The contributors present food in nearly every conceivable guise, ranging from its rhetorical to more practical applications--such as the preparing, processing, preserving and selling of food abroad. The chapters expand on papers presented at the 37th Annual Spring Symposium of Byzantine Studies, in honour of Professor A.A.M. Bryer.

Drunk Edward Slingerland,2021-06-01 An entertaining and enlightening deep dive into the alcohol-soaked origins of

civilization—and the evolutionary roots of humanity's appetite for intoxication (Daniel E. Lieberman, author of *Exercised*). While plenty of entertaining books have been written about the history of alcohol and other intoxicants, none have offered a comprehensive, convincing answer to the basic question of why humans want to get high in the first place. *Drunk* elegantly cuts through the tangle of urban legends and anecdotal impressions that surround our notions of intoxication to provide the first rigorous, scientifically-grounded explanation for our love of alcohol. Drawing on evidence from archaeology, history, cognitive neuroscience, psychopharmacology, social psychology, literature, and genetics, *Drunk* shows that our taste for chemical intoxicants is not an evolutionary mistake, as we are so often told. In fact, intoxication helps solve a number of distinctively human challenges: enhancing creativity, alleviating stress, building trust, and pulling off the miracle of getting fiercely tribal primates to cooperate with strangers. Our desire to get drunk, along with the individual and social benefits provided by drunkenness, played a crucial role in sparking the rise of the first large-scale societies. We would not have civilization without intoxication. From marauding Vikings and bacchanalian orgies to sex-starved fruit flies, blind cave fish, and problem-solving crows, *Drunk* is packed with fascinating case studies and engaging science, as well as practical takeaways for individuals and communities. The result is a captivating and long overdue investigation into humanity's oldest indulgence—one that explains not only why we want to get drunk, but also how it might actually be good for us to tie one on now and then.

Ecclesiastes, 1999 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

But Mama Always Put Vodka in Her Sangria! Julia Reed, 2013-04-30 In her new book, *But Mama Always Put Vodka in Her Sangria!*, Julia Reed, a master of the art of eating, drinking, and making merry, takes the reader on culinary adventures in places as far flung as Kabul, Afghanistan and as close to home as her native Mississippi Delta and Florida's Gulf Coast. Along the way, Reed discovers the perfect Pimm's Royale at the Paris Ritz, devours delicious chuletons in Madrid, and picks up tips from accomplished hostesses ranging from Pat Buckley to Pearl Bailey and, of course, her own mother. Reed writes about the bounty—and the burden—of a Southern garden in high summer, tosses salads in the English countryside, and shares C.Z. Guest's recipe for an especially zingy bullshot. She understands the necessity of a potent holiday punch and serves it up by the silver bowl full, but she is not immune to the slightly less refined charms of a blender full of frozen peach daiquiris or a

garbage can full of Yucca Flats. And then there are the parties: shindigs ranging from sultry summer suppers and raucous dinners at home to a Plymouth-like Thanksgiving feast and an upscale St. Patrick's Day celebration. This delightful collection of essays by Julia Reed, a master storyteller with an inimitable voice and a limitless capacity for fun, will show you how to entertain guests with style, have a good time yourself and always have that perfect pitcher of sangria ready at a moment's notice.

Eat, Drink, and Be Merry (Luke 12:19) - Food and Wine in Byzantium Kallirroë Linardou, Leslie Brubaker, 2016-12-05 This volume brings together a group of scholars to consider the rituals of eating together in the Byzantine world, the material culture of Byzantine food and wine consumption, and the transport and exchange of agricultural products. The contributors present food in nearly every conceivable guise, ranging from its rhetorical uses - food as a metaphor for redemption; food as politics; eating as a vice, abstinence as a virtue - to more practical applications such as the preparation of food, processing it, preserving it, and selling it abroad. We learn how the Byzantines viewed their diet, and how others - including, surprisingly, the Chinese - viewed it. Some consider the protocols of eating in a monastery, of dining in the palace, or of roughing it on a picnic or military campaign; others examine what serving dishes and utensils were in use in the dining room and how this changed over time. Throughout, the terminology of eating - and especially some of the more problematic terms - is explored. The chapters expand on papers presented at the 37th Annual Spring Symposium of Byzantine Studies, held at the University of Birmingham under the auspices of the Society for the Promotion of Byzantine Studies, in honour of Professor A.A.M. Bryer, a fitting tribute for the man who first told the world about Byzantine agricultural implements.

Disciples' Literal New Testament Michael Magill, 2011 If You Love God's Word You Will Love This New Testament! The Disciples' Literal New Testament sets you free from our artificial 460 year old chapter and verse structure, replacing it with paragraphing that reflects the flow of thought in the original Greek writings. Paragraph headings make that flow of thought explicit to you, speeding your understanding of the NT books. This translation retains the writing style of the apostles themselves, rather than transforming their Greek ways of writing into an elegant or contemporary English writing style, as has been beautifully done so many times. It is the same translation as the author's New Testament TransLine, first published by Zondervan in 2002. Now you can read the New Testament as the original writers intended it, and see it with a clarity formerly available only to those who could carefully study their Greek New Testament. You can even see the difference in

writing style between Matthew, Mark and Luke! Used along with your standard Bible version, you will profit from both methods of translation. *Easily grasp the relationship of the whole and the parts of each book with the big-picture overview outlines that use the words of the original author. *Gain quick insight into the flow of thought from descriptive paragraph headings that summarize the main point of each paragraph in its context. *You can visually follow the apostles' thinking because the 'Intelligent Paragraphing' visually displays their main and subordinate thoughts. *The hindrance to your understanding caused by our artificial chapter and verse structure is eliminated by paragraphing based on the Greek writings. *You will more fully appreciate the minds and thinking patterns and intent of the original writers because the translation corresponds more closely to their words and their grammar and their sentence structure. *Deepen and expand your understanding of the New Testament by meditating on the notes containing alternative renderings, explanations of what is being said, and different views of the meaning.

How Did God Do It? A Symphony of Science and Scripture Walt Huber,Rose Huber,2013-12 Have you ever wondered... How Did God Do It? And without conflicting with the basic tenets of Judaism and Christianity? This book proposes a theory that marries faith and rationality in a symphony of science and scripture....

Drinking Caroline Knapp,1999-08-02 Fifteen million Americans a year are plagued with alcoholism. Five million of them are women. Many of them, like Caroline Knapp, started in their early teens and began to use alcohol as liquid armor, a way to protect themselves against the difficult realities of life. In this extraordinarily candid and revealing memoir, Knapp offers important insights not only about alcoholism, but about life itself and how we learn to cope with it. It was love at first sight.

The beads of moisture on a chilled bottle. The way the glasses clinked and the conversation flowed. Then it became obsession. The way she hid her bottles behind her lover's refrigerator. The way she slipped from the dinner table to the bathroom, from work to the bar. And then, like so many love stories, it fell apart. Drinking is Caroline Kapp's harrowing chronicle of her twenty-year love affair with alcohol. Caroline had her first drink at fourteen. She drank through her yeras at an Ivy League college, and through an award-winning career as an editor and columnist. Publicly she was a dutiful daughter, a sophisticated professional. Privately she was drinking herself into oblivion. This startlingly honest memoir lays bare the secrecy, family myths, and destructive relationships that go hand in hand with drinking. And it is, above all, a love story for our times—full of passion and heartbreak, betrayal and desire—a triumph over the pain and deception that mark an alcoholic life. Praise for *Drinking* “Quietly moving . . . Caroline Knapp dazzles us with her heady description of alcohol's allure and its devastating hold.”—Los Angeles Times Book Review “Filled with hard-won wisdom . . . [a] perceptive and revealing book.”—San Francisco Chronicle “Eloquent . . . a remarkable exercise in self-discovery.”—The New York Times “Drinking not only describes triumph; it is one.”—Newsweek

A Letter to My Congregation, Second Edition Ken Wilson, 2016-05-20 “A breakthrough work coming from the heart of evangelical Christianity,” writes theologian David Gushee. “Wilson shows how God has led him on a journey toward a rethinking of what the fully authoritative and inspired Bible ought to be taken to mean in the life of the church today.” “This book . . . will shape what the church becomes,” writes anthropologist Tanya Luhrmann. “One of the most exquisite, painful, candid, brilliant pieces . . . that I have ever seen,” writes Christian author Phyllis Tickle. The second edition contains expanded material.

Eating Your Way Through Luke's Gospel Robert J. Karris, 2006 Robert Karris spreads before us a delightful feast of information about food themes in the Gospel of Luke. In a lively style of writing, Karris describes the food and drink popular in Jesus' day, eucharistic implications, and the social roles Jesus assumes in relation to food.

The Shortest Day Susan Cooper, 2019-10-22 In this seasonal treasure, Newbery Medalist Susan Cooper's beloved poem heralds the winter solstice, illuminated by Caldecott Honoree Carson Ellis's strikingly resonant illustrations. So the shortest day came, and the year died . . . As the sun set on the shortest day of the year, early people would gather to prepare for the long night ahead. They built fires and lit candles. They played music, bringing their own light to the darkness, while wondering if the sun would ever rise again. Written for a theatrical production that has become a ritual in itself, Susan Cooper's poem *The Shortest Day* captures the magic behind the returning of the light, the yearning for traditions that connect us with generations that have gone before — and the hope for peace that we carry into the future. Richly illustrated by Carson Ellis with a universality that spans the centuries, this beautiful book evokes the joy and community found in the ongoing mystery of life when we celebrate light, thankfulness, and festivity at a time of rebirth. Welcome Yule!
